Outdoor Waterproof Clothing

Dear Parents/Carers,

As winter draws in and the site is getting increasingly wetter and muddier, we are hoping to continue to access all areas of the school grounds. However, we are aware that children are getting muddy at playtimes.

If you would like to, we are suggesting that you can send your child into school with named waterproof clothing that they can wear over the top of their school uniform. Additionally, they may want to have wellington boots as their choice of outdoor shoes during winter. This will hopefully minimise how wet and muddy they may be getting at playtimes.

We will speak to the children in class about this and the choices they can make to minimise the mud on their clothing and shoes, whilst maximising the opportunities available to them at playtime. Any outdoor clothing needs to fit on their peg and be as easy as possible to put on and take off.

If anyone has any waterproof trousers that they no longer need we would happily accept donations.

Thank you for your continued support.
